

Huachuca City Animal Control

Dog Walker Program

Thank you for your interest in volunteering at our shelter! We are offering a few programs to the public so that they may contribute to us and our animals. One of them is the Dog Walker Program. This program is designed to promote the health, well being and socialization of our dogs through regular human interaction and exercise. We have found that this helps to break the constant kennel boredom and keep our animals happier.

You can be this person! This program is flexible with work schedules. You may come in during our business hours and interact with our dogs whenever you like. For our regular program, we ask you commit at least four (4) hours per month towards volunteering. For our part-time program, we ask you commit at least two (2) hours per month towards volunteering. The program is for adults only. You may choose any adoptable dog that you want to work with. You may take them for a walk, sit with them, teach them simple commands or even groom them (washing, brushing, and/or nail trim).

If this sounds like a program you are interested in, please fill out the following information and one of the shelter staff will be in touch with you within a week via email. Thank you!
